

Front bed panel and zinc plated hardware included.

Bed sides are NOT included in the wood bed conversion kits. You can re-use your original bed sides, tailgate and wheel tubs. Or purchase them from MAR-K™. See pages 68-69.

Cross sills, reinforcement strip and rear cross sill include holes and brackets for attachment of wood bed kit and bed to frame.

**67-72 WOOD BED CONVERSION KITS**

Tired of the old steel floor in your 1967-72 GM pickup? Fix it up with a show quality wood bed from MAR-K™. These Fleetside pickups were available from GM with a factory wood bed and we have the parts needed to convert your steel bed to a show winning wood bed. You can use your original bed sides, wheel tubs, and tailgate without modifications or purchase them from MAR-K™. See pages 68-69.

Information on the conversion has been featured in Classic Trucks Magazine. If you are interested in more information on how to convert your truck, visit our website, www.mar-k.com. We have conversion instructions available online, plus much more.

To convert your truck to a wood floor, purchase a Conversion Metal Parts Kit and your selection of a Bed Wood Kit according to your preference. Included in the Conversion Metal Parts Kit are the front bed panel, rear sill, cross sills (correct number for short or long), reinforcement strips and hardware for mounting the front panel and rear sill to your bed sides. Detailed instructions are included for removing the old steel floor parts and installing the new wood floor kit.

<b>100045</b>	<b>67-72 SHORT FLEET</b> .....	<b>\$600.00</b> kit
<b>100046</b>	<b>67-72 LONG FLEET</b> .....	<b>674.00</b> kit

**MAR-K™ BED**

- Bed kits are made to order, easy to install and include holes punched.
- Our conversion kits are precision made in our Oklahoma City manufacturing facility. Our bed kits include the quality details that make our parts fit together and fit the truck.
- To order a MAR-K™ bed for GM 67-72 Fleetside Trucks, you need to purchase a Wood Bed Conversion Kit and a Bed Wood Kit. We separate these two (2) kits in order to give our customers the opportunity to buy exactly the wood bed kit that they want for their truck.
- Bed wood kits are available for GM 58-72 Short Fleetside and 58-80 Long Fleetside trucks.
- For more technical details about each individual part, go to that section in our catalog. Call us or go online to customize your kit.

**MAR-K™ Wood Bed Conversion Kits are MADE IN THE USA!**

**CONVERSION KIT + BED WOOD KIT = MAR-K™ BED BED WOOD KITS**

Include bed wood boards with mounting holes; bed strips; and the bolts, nuts, washers and lockwashers (including bed side flanges and wheel tub bolts) needed to install the wood and strips. Choose from a wide variety of different wood/metal combinations to suit your style! For our oak kits, we select and machine oak bed wood from the finest quality Appalachian red oak lumber (show quality). The polished bed strips are precision roll formed and polished to a mirror finish in our own manufacturing shop. The oak/polished stainless kit includes brightly polished stainless bolts and offset washers. Or, select hidden mounting holes in the oak wood, with polished stainless or your choice of three types of anodized aluminum bed strips with hidden fasteners, and the bed-to-frame and angle strip bolts are included. For daily driver use, choose our southern yellow pine wood with steel bed strips and zinc plated bolts to be painted before installation like the originals. **MAR-K™ now offers wood finish! See page 19 for details.**
