

MAR-K™ bed sides have stake pockets and angle strips welded on, all fender holes punched and stake pocket holes.

Tailgates are not included. You can choose your tailgate option from pages 54-61 and chains or latches and links from pages 64-65 or online at www.mar-k.com.

Front bed panel includes zinc plated hardware for mounting.

Cross sills, rear cross sills and reinforcement strips include holes and brackets for attachment of wood bed kit and bed to frame.

METAL BED PARTS KITS

A **MAR-K™** Metal Bed Parts Kit is made up of a pair of complete bed sides, front bed panel, rear cross sill, cross sills and reinforcement strips (correct number for your truck year) and tailgate. These parts are all 14-16 gage steel, depending on what was original. Kit also includes zinc plated fasteners along with the bed mounting pads necessary to install your kit. Detailed bed assembly instructions are included. Choose a **MAR-K™** bed wood kit with oak or pine wood, steel, stainless, or aluminum bed strips, and steel or stainless hardware to complete the bed. Metal Bed Parts Kits ship by truck, freight prepaid.

***Please note: Tailgates are not included in the metal parts kit. You can choose your tailgate option from pages 54-61 and chains or latches and links from pages 64-65 or online at www.mar-k.com.**

COMPLETE MAR-K™ BED

- Bed kits are made to order, easy to install and include holes punched.
- Our bed kits are precision made in our Oklahoma City manufacturing facility.
- We include the quality details that make our parts fit together and fit the truck.
- To order a complete **MAR-K™** bed for your truck, you need to purchase a Metal Bed Parts Kit with your choice of tailgate and a Bed Wood Kit.
- We separate these two (2) kits in order to give our customers the opportunity to buy exactly the wood bed kit that they want for their truck.
- For more technical details about each individual part, go to that section in our catalog. Call us or go online to customize your kit.

METAL BED PARTS KIT + BED WOOD KIT = COMPLETE MAR-K™ BED

BED WOOD KITS

Include bed wood boards with mounting holes; bed strips; and the bolts, nuts, washers and lockwashers (including angle strip bolts) needed to install the wood and strips. Choose from a wide variety of different wood/metal combinations to suit your style! For our oak kits, we select and machine oak bed wood from the finest quality Appalachian red oak lumber (show quality). The polished bed strips are precision roll formed and polished to a mirror finish in our own manufacturing shop. The oak/polished stainless kit includes brightly polished stainless bolts and offset washers. Or, select hidden mounting holes in the oak wood, with polished stainless or your choice of three types of anodized aluminum bed strips with hidden fasteners, and the bed-to-frame and angle strip bolts are included. For daily driver use, choose our southern yellow pine wood with steel bed strips and zinc plated bolts to be painted before installation like the originals. **MAR-K™ now offers wood finish! See page 19 for details and instructions.**

MAR-K™ Bed Wood Kits are MADE IN THE USA!
