

# Tilt your Bed with Pro-Tilt™

## NEW PRO-TILT™ BED KIT

The PRO-TILT™ bed looks like MAR-K's™ standard raised floor bed when closed.

### MAR-K™ NEW PRO-TILT™ GM 55-87 SHORT BED FOR STEPSIDE OR FLEETSIDE

- Kit includes frames, struts, custom cross sills, hardware and extension panel with push button and latch.
- MAR-K™ exclusive push button design allows the bed to TILT for access beneath the floor.
- No wiring necessary.
- Can be installed on a new MAR-K™ bed kit with upgrades for a custom look.
- Designed by MAR-K™ engineers to fit and work just right with your bed.
- Bed wood and strips sold separately.

### MAR-K's™ PRO-TILT™ BED KIT

### Complete PRO-TILT™ Kit

This kit contains the parts needed to assemble the complete PRO-TILT™ bed, including frames, struts, custom cross sills hardware and extension panel with push button and latch. Instructions are also included. Bed sides with custom upgrades for stepside beds are sold separately. Wood bed kits are also sold separately.

Frames and struts make access to the area below the floor safe and easy.

Push button designed into the extension panel makes it easy to open and close the bed.
